

# BNS CANADIAN BANKS CALLABLE CONTINGENT \$7.10 COUPON NOTES, SERIES 72 (CAD)

## PRINCIPAL AT RISK NOTES – DECEMBER 7, 2026

November 8, 2019

A Bank of Nova Scotia short form base shelf prospectus dated February 13, 2018, a prospectus supplement thereto dated February 13, 2018 and pricing supplement No. 1316 (the "pricing supplement") thereto dated November 8, 2019 (collectively, the "Prospectus") have been filed with the securities regulatory authorities in each of the provinces and territories of Canada. A copy of the Prospectus and any amendments or supplements thereto that have been filed are required to be delivered with this document. The Prospectus and any amendments or supplements thereto contain important information relating to the securities described in this document. This document does not provide full disclosure of all material facts relating to the securities offered and investors should read the Prospectus, and any amendments or supplements thereto, for disclosure of those facts, especially risk factors relating to the securities offered, before making an investment decision. A copy of the short form base shelf prospectus, the prospectus supplement and the pricing supplement can also be obtained at [www.sedar.com](http://www.sedar.com). Unless the context otherwise requires, terms not otherwise defined herein will have the meaning ascribed thereto in the Prospectus.

Linked to  
5 Canadian Banks

Contingent  
\$3.55 Semi-Annual  
Coupon Payments

Semi-Annual Autocall  
at 110.00%  
of the Initial Portfolio Price

25.00% Contingent Protection  
at Maturity

### KEY TERMS

Issuer:	The Bank of Nova Scotia (the "Bank").
Reference Portfolio* and Reference Companies:	A notional portfolio (the "Reference Portfolio") consisting of common shares (the "Reference Shares") of five Canadian banks (the "Reference Companies"), equally dollar-weighted as at the Issue Date. The Reference Companies in the Reference Portfolio are: Bank of Montreal, Canadian Imperial Bank of Commerce, National Bank of Canada, Royal Bank of Canada and The Bank of Nova Scotia.
Semi-Annual Coupon Payments:	Holders of record on the applicable Semi-Annual Coupon Payment Record Date may be entitled to receive from the Bank a Semi-Annual Coupon Payment, determined as follows: If the Closing Portfolio Price on the relevant Semi-Annual Coupon Payment Valuation Date is greater than the Barrier Price: <b>the Semi-Annual Coupon Payment will be \$3.55 per Note.</b> If the Closing Portfolio Price on the relevant Semi-Annual Coupon Payment Valuation Date is less than or equal to the Barrier Price: <b>no Semi-Annual Coupon Payment will be made.</b> The aggregate Semi-Annual Coupon Payments over the term of the Notes will not exceed \$49.70 per Note. If the Notes are called, holders will receive both the Principal Amount and the Semi-Annual Coupon Payment for the applicable Autocall Valuation Date.
Autocall:	110.00% of the Initial Portfolio Price. The Notes will be automatically called (i.e., redeemed) by the Bank if the Closing Portfolio Price on any Autocall Valuation Date is greater than or equal to the Autocall Price. The Notes cannot be automatically called prior to June 7, 2021. If the Closing Portfolio Price on any Autocall Valuation Date is not greater than or equal to the Autocall Price, the Notes will not be automatically called by the Bank.
Contingent Protection:	25.00% contingent protection. The Notes provide contingent principal protection at maturity if the Final Portfolio Price on the Final Valuation Date is greater than the Barrier Price (which is 75.00% of the Initial Portfolio Price). If the Final Portfolio Price on the Final Valuation Date is equal to or less than the Barrier Price, a holder of the Notes will be fully exposed to any negative price performance of the Reference Portfolio, meaning that substantially all of such holder's investment may be lost (subject to a minimum principal repayment of \$1.00 per Note).

\*The Closing Share Prices of the Reference Shares reflect only the price appreciation or depreciation of the Reference Shares of the Reference Companies and do not reflect any dividends, distributions or other income or amounts accruing or paid on such securities. The weighted average annual dividend yield of the Reference Portfolio as of November 1, 2019 was 4.28%, representing an aggregate dividend yield of approximately 34.09% annually compounded over the term of the Notes on the assumption that the dividends paid on the Reference Shares of the Reference Companies remain constant.

## ADDITIONAL KEY TERMS

Principal Amount:	\$100.00 per Note.																								
Minimum Investment:	\$5,000 (50 Notes).																								
CUSIP:	06415EF91.																								
Fundserv Code:	SSP2100.																								
Initial Valuation Date:	December 6, 2019.																								
Reference Portfolio, Reference Shares and Weighting:	<p>Whether there is a return on the Notes through the Semi-Annual Coupon Payments and whether the Principal Amount is returned at maturity is based on the price performance of the Reference Portfolio consisting of the Reference Shares of the Reference Companies, equally dollar-weighted as at the Issue Date. The composition of the Reference Portfolio is subject to adjustment for a Reference Share that may be made upon the occurrence of any special circumstances including a Merger Event, Tender Offer, Substitution Event or an Extraordinary Event. See "Special Circumstances" in the pricing supplement. The Reference Companies that will comprise the Reference Portfolio, the current trading symbols of the Reference Shares on the relevant Exchange and the dollar-weighting of the Reference Shares of each of the Reference Companies in the Reference Portfolio on the Issue Date are as follows:</p> <table border="1"> <thead> <tr> <th>Issuer</th> <th>Trading Symbol</th> <th>Exchange</th> <th>Reference Share Weights on the Issue Date</th> </tr> </thead> <tbody> <tr> <td>Bank of Montreal</td> <td>BMO</td> <td>TSX</td> <td>20.00%</td> </tr> <tr> <td>Canadian Imperial Bank of Commerce</td> <td>CM</td> <td>TSX</td> <td>20.00%</td> </tr> <tr> <td>National Bank of Canada</td> <td>NA</td> <td>TSX</td> <td>20.00%</td> </tr> <tr> <td>Royal Bank of Canada</td> <td>RY</td> <td>TSX</td> <td>20.00%</td> </tr> <tr> <td>The Bank of Nova Scotia</td> <td>BNS</td> <td>TSX</td> <td>20.00%</td> </tr> </tbody> </table> <p>The composition of the Reference Portfolio will not be adjusted during the term of the Notes to maintain the dollar-weighting of the Reference Shares as at the Issue Date.</p> <p>The Notes do not represent a direct or indirect investment in the Reference Shares and holders will have no right or entitlement to the Reference Shares, including voting rights or the right to receive any dividends, distributions or other income or amounts accruing or paid thereon. The Price Return reflects only the price appreciation or depreciation of the Reference Portfolio and does not reflect any dividends, distributions or other income or amounts accruing or paid on the Reference Shares. The weighted average annual dividend yield of the Reference Portfolio as of November 1, 2019 was 4.28%, representing an aggregate dividend yield of approximately 34.09% annually compounded over the approximately 7 year term of the Notes on the assumption that the dividends paid on the Reference Shares of the Reference Companies remain constant. There is no requirement for the Bank to hold any interest in the Reference Shares or the Reference Companies.</p>	Issuer	Trading Symbol	Exchange	Reference Share Weights on the Issue Date	Bank of Montreal	BMO	TSX	20.00%	Canadian Imperial Bank of Commerce	CM	TSX	20.00%	National Bank of Canada	NA	TSX	20.00%	Royal Bank of Canada	RY	TSX	20.00%	The Bank of Nova Scotia	BNS	TSX	20.00%

National Bank of Canada	NA	TSX	20.00%																						
Royal Bank of Canada	RY	TSX	20.00%																						
The Bank of Nova Scotia	BNS	TSX	20.00%																						
Autocall Valuation Dates:	June 1, 2021, November 30, 2021, May 31, 2022, November 30, 2022, May 31, 2023, November 30, 2023, May 31, 2024, December 2, 2024, June 2, 2025, December 2, 2025, June 2, 2026 (each an "Autocall Valuation Date"), and December 1, 2026 (the "Final Valuation Date"). If an Autocall Valuation Date or the Final Valuation Date is not an Exchange Business Day then the Autocall Valuation Date or the Final Valuation Date, as the case may be, will be the immediately preceding Exchange Business Day, subject to the occurrence of any special circumstances (see "Special Circumstances" in the pricing supplement).																								

Coupon Payment Valuation Dates, Record Dates and Payment Dates:

The specific Semi-Annual Coupon Payment Valuation Dates, Semi-Annual Coupon Payment Record Dates and Semi-Annual Coupon Payment Dates for the Notes will be as follows:

Semi-Annual Coupon Payment Valuation Date	Semi-Annual Coupon Payment Record Date	Semi-Annual Coupon Payment Date
June 2, 2020	June 5, 2020	June 8, 2020
December 1, 2020	December 4, 2020	December 7, 2020
June 1, 2021	June 4, 2021	June 7, 2021
November 30, 2021	December 3, 2021	December 6, 2021
May 31, 2022	June 3, 2022	June 6, 2022
November 30, 2022	December 5, 2022	December 6, 2022
May 31, 2023	June 5, 2023	June 6, 2023
November 30, 2023	December 5, 2023	December 6, 2023
May 31, 2024	June 5, 2024	June 6, 2024
December 2, 2024	December 5, 2024	December 6, 2024
June 2, 2025	June 5, 2025	June 6, 2025
December 2, 2025	December 5, 2025	December 8, 2025
June 2, 2026	June 5, 2026	June 8, 2026
December 1, 2026	December 4, 2026	December 7, 2026

If a Semi-Annual Coupon Payment Valuation Date or Semi-Annual Coupon Payment Record Date is not an Exchange Business Day, then the Semi-Annual Coupon Payment Valuation Date or Semi-Annual Coupon Payment Record Date, as the case may be, will be the immediately preceding Exchange Business Day, subject to Special Circumstances. If a Semi-Annual Coupon Payment Date or the Maturity Date is not a Business Day then the related payment the Bank is obligated to make on such day, if any, will be paid to the holder on the immediately following Business Day, subject to Special Circumstances, and no interest shall be paid in respect of such delay.

Maturity Redemption Amount:

Holders of record on the applicable Record Date will be entitled to an amount payable on the Notes if they are automatically called by the Bank or at maturity (in each case, the "Maturity Redemption Amount") as calculated by the Calculation Agent in accordance with the applicable formula below:

If the Closing Portfolio Price on an Autocall Valuation Date or the Final Valuation Date is greater than or equal to the Autocall Price, the Maturity Redemption Amount will equal:

**Principal Amount**

If the Final Portfolio Price on the Final Valuation Date is less than the Autocall Price but greater than the Barrier Price, the Maturity Redemption Amount will equal:

**Principal Amount**

If the Final Portfolio Price on the Final Valuation Date is equal to or less than the Barrier Price, the Maturity Redemption Amount will equal:

**Principal Amount + (Principal Amount x Price Return)**

The Maturity Redemption Amount will be substantially less than the Principal Amount invested by an investor if the Final Portfolio Price on the Final Valuation Date is equal to or less than the Barrier Price. The Maturity Redemption Amount will be subject to a minimum principal repayment of \$1.00 per Note. **The return on the Notes will not reflect the total return that an investor would receive if such investor owned the Reference Shares of the Reference Companies.**

Price Return:

The Price Return is the weighted average of the Share Returns of the Reference Shares of the Reference Companies, expressed as a percentage (which can be zero, positive or negative).

Share Return:

The Share Return for each Reference Share on a given day (each of which can be zero, positive or negative) will be an amount expressed as a percentage calculated by the Calculation Agent in accordance with the following formula:

**(Closing Share Price – Initial Share Price) / Initial Share Price**

If such Share Return is negative, there is no floor for the Reference Share's negative contribution to the Price Return of the Reference Shares in the Reference Portfolio.

Closing Share Price:

The official closing price or value of the applicable Reference Share on a given day as calculated and announced by the Exchange on an Exchange Business Day.

Initial Share Price:

The Closing Share Price on the Initial Valuation Date, provided that if the Initial Valuation Date is not an Exchange Business Day, the Initial Share Price will be determined as of the first succeeding day that is an Exchange Business Day.

Final Share Price:

The Closing Share Price on an Autocall Valuation Date or the Final Valuation Date, as the case may be.

Closing Portfolio Price:

The Closing Portfolio Price is one plus the sum of the weighted Share Returns of each of the Reference Shares of the Reference Companies as calculated by the Calculation Agent, on a given day, multiplied by \$100.00.

Initial Portfolio Price:	The Initial Portfolio Price is \$100.00.												
Final Portfolio Price:	The Closing Portfolio Price on an Autocall Valuation Date or the Final Valuation Date, as the case may be.												
Barrier Price:	75.00% of the Initial Portfolio Price.												
Listing and Secondary Market:	<b>The Notes will not be listed on any exchange or marketplace.</b> Scotia Capital Inc. will use reasonable efforts under normal market conditions to provide a daily secondary market for the sale of the Notes but reserves the right to elect not to do so at any time in the future, in its sole and absolute discretion, without prior notice to holders.												
Early Trading Charge:	<table border="1"> <thead> <tr> <th>If Sold Within</th> <th>Early Trading Charge (% of Principal Amount)</th> </tr> </thead> <tbody> <tr> <td>0-90 days of Issue Date</td> <td>4.50%</td> </tr> <tr> <td>91-180 days of Issue Date</td> <td>3.25%</td> </tr> <tr> <td>181-270 days of Issue Date</td> <td>2.00%</td> </tr> <tr> <td>271-360 days of Issue Date</td> <td>1.00%</td> </tr> <tr> <td>Thereafter</td> <td>Nil</td> </tr> </tbody> </table>	If Sold Within	Early Trading Charge (% of Principal Amount)	0-90 days of Issue Date	4.50%	91-180 days of Issue Date	3.25%	181-270 days of Issue Date	2.00%	271-360 days of Issue Date	1.00%	Thereafter	Nil
If Sold Within	Early Trading Charge (% of Principal Amount)												
0-90 days of Issue Date	4.50%												
91-180 days of Issue Date	3.25%												
181-270 days of Issue Date	2.00%												
271-360 days of Issue Date	1.00%												
Thereafter	Nil												
Eligibility for Investment:	Eligible for RRSPs, RRIFs, RESPs, RDSPs, DPSPs and TFSA's.												
Fees and Expenses:	A selling concession fee of \$2.50 per Note sold (or 2.50% of the Principal Amount) will be payable to the Investment Dealers for further payment to representatives, including representatives employed by the Investment Dealers whose clients purchase the Notes. A fee of up to \$0.15 per Note sold (or up to 0.15% of the Principal Amount) will be payable directly by the Bank to Industrial Alliance Securities Inc. at closing for acting as the independent agent. The payment of these fees will not reduce the amount on which the Maturity Redemption Amount payable on the Notes is calculated.												

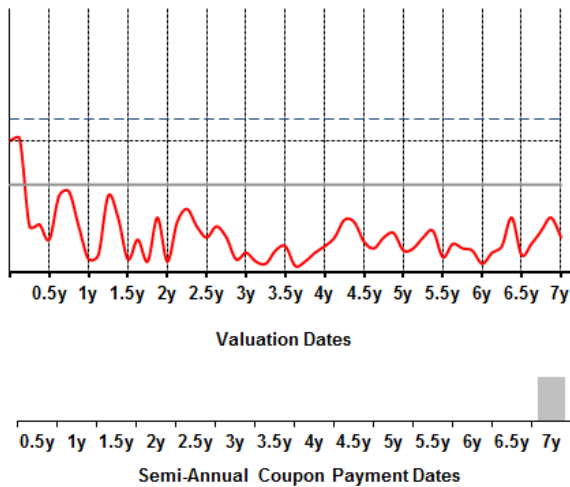

## HYPOTHETICAL EXAMPLES

The following examples show how the Price Return and Maturity Redemption Amount would be calculated based on certain hypothetical values and assumptions set out below. **These examples are for illustrative purposes only and should not be construed as an estimate or forecast of the performance of the Reference Shares of the Reference Companies or the return that an investor might realize on the Notes.** The Price Return will be calculated based on the price performance of the Reference Portfolio, which will not reflect the value of any dividends, distributions or other income or amounts accruing or paid on the Reference Shares of the Reference Companies. Certain dollar amounts are rounded to the nearest whole cent and "\$" refers to the relevant currency for the specific hypothetical dollar amounts and hypothetical prices that the context requires.

### Values for hypothetical calculations:

Initial Portfolio Price: \$100.00  
 Barrier Price: 75.00% of the Initial Portfolio Price = 75.00% x \$100.00 = \$75.00  
 Autocall Price: 110.00% of the Initial Portfolio Price = 110.00% x \$100.00 = \$110.00

**Example #1 – The Notes are not automatically called as the Closing Portfolio Price on each Autocall Valuation Date is less than the Autocall Price. The Final Portfolio Price on the Final Valuation Date is equal to or less than the Barrier Price.**

56.00% of Initial Portfolio Price = Final Portfolio Price

110.00% Autocall Price

100.00% of Initial Portfolio Price

75.00% Barrier Price

Maturity Redemption Amount = \$56.00

Aggregate Semi-Annual Coupon Payments = \$0.00

Semi-Annual Coupon Payment Valuation Date	% of Initial Portfolio Price	Semi-Annual Coupon Payment
Issue Date	100.00%	
0.5y (not callable)	55.00%	\$0.00
1y (not callable)	46.00%	\$0.00
1.5y	46.00%	\$0.00
2y	45.00%	\$0.00
2.5y	56.00%	\$0.00
3y	49.00%	\$0.00
3.5y	52.00%	\$0.00
4y	52.00%	\$0.00
4.5y	54.00%	\$0.00
5y	50.00%	\$0.00
5.5y	47.00%	\$0.00
6y	44.00%	\$0.00
6.5y	46.00%	\$0.00
7y	56.00%	\$0.00

Since the Final Portfolio Price (\$56.00) on the Final Valuation Date is less than the Barrier Price (\$75.00), the Maturity Redemption Amount is calculated as follows:

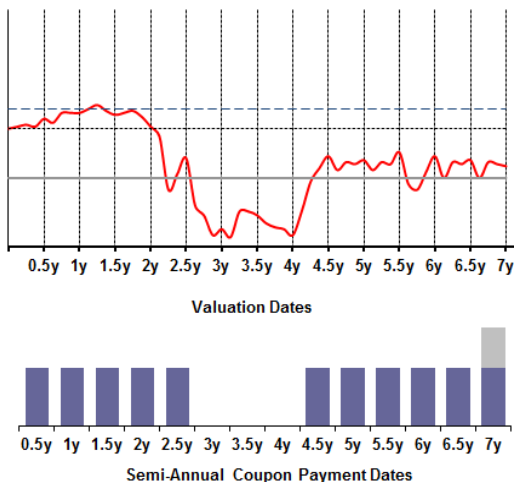

Principal Amount + (Principal Amount x Price Return)

\$100.00 + (\$100.00 x -44.00%) = \$56.00 per Note

In this example, since the Closing Portfolio Price is less than the Barrier Price on all Semi-Annual Coupon Payment Valuation Dates, an investor would not receive any Semi-Annual Coupon Payments.

An investor would receive a Maturity Redemption Amount of \$56.00 per Note on the Maturity Date, which is equivalent to an annual compound rate of return of approximately -7.95% per Note.

**Example #2 – The Notes are not automatically called as the Closing Portfolio Price on each Autocall Valuation Date is less than the Autocall Price. The Final Portfolio Price on the Final Valuation Date is less than the Autocall Price, but greater than the Barrier Price.**

81.00% of Initial Portfolio Price = Final Portfolio Price

110.00% Autocall Price

100.00% of Initial Portfolio Price

75.00% Barrier Price

Maturity Redemption Amount = \$100.00

Aggregate Semi-Annual Coupon Payments = \$39.05

Semi-Annual Coupon Payment Valuation Date	% of Initial Portfolio Price	Semi-Annual Coupon Payment
Issue Date	100.00%	
0.5y (not callable)	105.00%	\$3.55
1y (not callable)	108.00%	\$3.55
1.5y	107.00%	\$3.55
2y	101.00%	\$3.55
2.5y	85.00%	\$3.55
3y	49.00%	\$0.00
3.5y	56.00%	\$0.00
4y	46.00%	\$0.00
4.5y	86.00%	\$3.55
5y	84.00%	\$3.55
5.5y	88.00%	\$3.55
6y	86.00%	\$3.55
6.5y	84.00%	\$3.55
7y	81.00%	\$3.55

Since the Final Portfolio Price (\$81.00) on the Final Valuation Date is less than the Autocall Price (\$110.00), but greater than the Barrier Price (\$75.00), the Maturity Redemption Amount is calculated as follows:

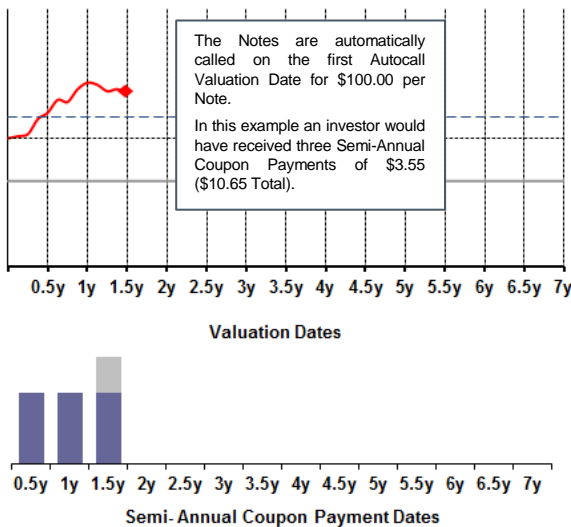

Principal Amount

\$100.00 per Note

In this example, since the Closing Portfolio Price is less than the Barrier Price on the sixth, seventh and eighth Semi-Annual Coupon Payment Valuation Dates, an investor would not receive Semi-Annual Coupon Payments for the related Semi-Annual Coupon Payment Dates.

An investor would receive aggregate Semi-Annual Coupon Payments of \$39.05 per Note, and a Maturity Redemption Amount of \$100.00 per Note, on the Maturity Date, which is equivalent to an annual compound rate of return of approximately 4.82% per Note.

**Example #3 – The Notes are automatically called on the first Autocall Valuation Date as the Closing Portfolio Price on the first Autocall Valuation Date is greater than or equal to the Autocall Price.**

121.00% of Initial Portfolio Price = Closing Portfolio Price	<b>Semi-Annual Coupon Payment Valuation Date</b>	<b>% of Initial Portfolio Price</b>	<b>Semi-Annual Coupon Payment</b>
110.00% Autocall Price	Issue Date	100.00%	
100.00% of Initial Portfolio Price	0.5y (not callable)	112.00%	\$3.55
75.00% Barrier Price	1y (not callable)	126.00%	\$3.55
	1.5y	121.00%	\$3.55
	The Notes are automatically called - No future payments in respect of the Notes		
Maturity Redemption Amount = \$100.00			
Aggregate Semi-Annual Coupon Payments = \$10.65			

Since the Closing Portfolio Price (\$121.00) on the first Autocall Valuation Date is greater than the Autocall Price (\$110.00), the Maturity Redemption Amount is calculated as follows:

Principal Amount

\$100.00 per Note

In this example, since the Closing Portfolio Price is greater than the Barrier Price on each applicable Semi-Annual Coupon Payment Valuation Date, an investor would receive Semi-Annual Coupon Payments of \$3.55 per Note on each of the first three Semi-Annual Coupon Payment Dates.

An investor would receive aggregate Semi-Annual Coupon Payments of \$10.65 per Note, and a Maturity Redemption Amount of \$100.00 per Note, which is equivalent to an annual compound rate of return of approximately 6.98% per Note.

---

## DISCLAIMER

No securities regulatory authority has in any way passed upon the merits of the securities referred to herein and any representation to the contrary is an offence. The Notes are not principal protected (subject to a minimum principal repayment of \$1.00 per Note) and an investor may receive substantially less than the original principal amount at maturity. A person should reach a decision to invest in the Notes only after carefully considering, with his or her investment, legal, accounting, tax and other advisors, the suitability of the Notes in light of his or her investment objectives and the information set out in the Prospectus. The Bank, the Calculation Agent, Scotia Capital Inc. and Industrial Alliance Securities Inc. make no recommendation as to the suitability of the Notes for investment by any particular person. The Notes have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "1933 Act"), or any State securities laws and, subject to certain exceptions, may not be offered for sale, sold or delivered, directly or indirectly, in the United States, its territories or possessions or to or for the account or benefit of U.S. persons within the meaning of Regulation S under the 1933 Act. In addition, the Notes may not be offered or sold to residents of any jurisdiction or country in Europe. "Scotiabank" and "Scotiabank Global Banking and Markets" are registered trademarks of The Bank of Nova Scotia. Scotia Capital Inc. is a wholly-owned subsidiary of The Bank of Nova Scotia.

**Amounts paid to holders of the Notes will depend on the price performance of the underlying interests. Unless otherwise specified in the Prospectus, the Bank does not guarantee that any of the principal amount of the Notes will be paid (subject to a minimum principal repayment of \$1.00 per Note), or guarantee that any return will be paid on the Notes, at or prior to maturity. Purchasers could lose substantially all of their investment in the Notes (subject to a minimum principal repayment of \$1.00 per Note). The Notes are not appropriate investments for persons who do not understand the risks associated with structured products or derivatives. A purchaser of the Notes will be exposed to fluctuations and changes in the prices of the Reference Shares to which the Notes are linked. The prices of the Reference Shares of the Reference Companies may be volatile and an investment linked to the prices of the Reference Shares may also be volatile. Purchasers should read carefully the "Risk Factors" sections in the Prospectus.**

**The Notes will not constitute deposits under the *Canada Deposit Insurance Corporation Act* or under any other deposit insurance regime. The Notes have not been rated and will not be insured by the Canada Deposit Insurance Corporation or any other entity and therefore the payments to investors will be dependent upon the financial health and creditworthiness of the Bank.**

**Scotia Capital Inc. is a wholly owned subsidiary of the Bank. Consequently, the Bank is a related and connected issuer of Scotia Capital Inc. within the meaning of applicable securities legislation. See "Plan of Distribution" in the Prospectus.**

The information contained herein, while obtained from sources believed to be reliable, is not guaranteed as to its accuracy or completeness.

## THE REFERENCE COMPANIES AND THE REFERENCE SHARES

All information regarding the Reference Shares and the Reference Companies contained herein has been derived from publicly available sources and its accuracy cannot be guaranteed. The Notes are not in any way sponsored, endorsed, sold or promoted by the Reference Companies (other than the Bank).

All information in the pricing supplement relating to the Reference Companies including the Reference Shares is derived from publicly available sources and is presented in the pricing supplement in summary form.

The return payable on the Notes is linked to the price performance of the Reference Shares. Accordingly, certain risk factors applicable to investors who invest directly in the Reference Shares are also applicable to an investment in the Notes to the extent that such risk factors could adversely affect the performance of the Reference Shares. Prospective investors are urged to conduct their own independent investigation of the Reference Companies prior to making any investment decision with respect to the Notes. The Bank is not affiliated with the Reference Companies (other than the Bank) and has not performed any due diligence investigation or review of the Reference Companies.

An investment in the Notes does not represent a direct or indirect investment in the Reference Shares and investors do not have an ownership or any other interest (including voting rights or the right to receive any dividends, distributions or other income or amounts accruing or paid thereon) in respect of such Reference Shares. Past performance of the Reference Companies or the Reference Shares is not indicative of future returns.
